

## SICOM Chef Kitchen Management System (KMS) Mandate

Today, BKC issued a mandate requiring all U.S. BURGER KING® restaurants to install the SICOM Chef KMS units by Sept. 30, 2017.

In support of the mandate and to provide further details, BKC held a webcast today, April 13, which can be accessed on [BK® Gateway](#) in the North America Message Center.

Following are key order and installation dates as well as contact information should you have any questions regarding the SICOM Chef KMS mandate.

### Key Dates and Contact Information:

- **May 31, 2017:** All orders must be placed through SICOM to meet the installation timeline and ensure rollout pricing. To sign up, log into SICOM portal [here](#).
- **Sept. 30, 2017:** All U.S. BURGER KING® restaurants are required to have the SICOM Chef KMS installed.
